

Shuffleboard Club

Our Shuffleboard Club is a not-for-profit organization within the Betmar Acres Park, a 55 and older community of over 1700 homes in Zephyrhills, FL. Shuffleboard is a sport for all generations – we have members who play well into their 90's. People with physical disabilities master this sport well. The Club of about 220 members has its own building which contains 24 indoor shuffleboard courts. We host about 12 shuffleboard tournaments each season for Pro and Amateur players. A tournament often attracts 96 two-person teams with teams coming from throughout Florida. During the tournaments, hot lunches are provided, at a reasonable cost, to participants, observers, and residents. Those lunches are served in a large clubhouse adjacent to the shuffleboard court. The first day of each tournament, about 300 lunches are served. Tournament days are fun opportunities to meet a large variety of people in a welcoming setting.
